HEADQUARTERS VACANCY NOTICE

1. The following is a listing of those positions in the Head-quarters area which will need to be filled this year. The listing is being furnished to our careerists overseas. The S Panel will be considering candidates in March for each of them. Once again, I would like to emphasize that vacancies will be filled by those con-sidered best qualified and not necessarily by those who volunteer.

2. It may be interesting to note that these vacancy notices have been an effective tool in selecting candidates for calendar year 1975 rotational overseas assignments. To date, 11 of the 18 careerists who have been selected, nominated, and accepted, specif-ically requested assignments to those stations.

25X1A
3. Anyone interested in being considered for any of the listed assignments should advise ████████████ OL/P&TS, extension 2657, no later than 12 March 1975.
